SAM P. COOPER, JR. IS CANDIDATE FOR STATE SENATOR

The Hancock County Eagle is hereby authorized to announce the candidacy of Sam P. Cooper, Jr., for the office of State Senator, representing Pearl River and Hancock Counties, subject to the action of the Democratic Primary election in August. Mr. Cooper's statement to the voters of Hancock and Pearl River Counties follows:

I wish to take this opportunity to publicly announce to the people of Pearl River and Hancock Counties my candidacy for the office of State Senator. Many of my friends in both counties have urged me to enter this race because they were not satisfied with the candidates previously announced.

I am a native Mississippian, having been born and reared in the small Delta town of Itta Bena. I graduated from Mississippi State College in 1955. Immediately thereafter I entered the U. S. Army and was stationed in Korea and Japan for eighteen months. Upon my release from the Army in 1957, I came to Jackson, Mississippi, and obtained a job with an insurance company and attended Jackson School of Law during the evenings.

In February, 1961, I received a degree from Jackson School of Law and took the State Bar Examination. I passed this examination in March, 1961. In May of that year, I came to Piquemore, where I practiced law for three years. I am at present practicing law in Bay St. Louis.

I am married to the former Mary Joy Wylie, daughter of Mr. and Mrs. D. G. Wylie of Piquemore. We have two children, Paul, age 5 and a half, and Anna, age 4. Since our marriage both of us have been very active in civic and church work. We are members of the Main Street Methodist Church in Bay St. Louis.

I sincerely and honestly solicit your vote and support in this coming election. It is most important that we select a qualified, honest and sober Senator to represent us in these trying times. The next four years will have to be given to the laws that are passed and much time spent in representing the people of this district.

I am very able, willing and eager to serve all the people of Pearl River and Hancock Counties, as your Senator and urge qualification and vote for me to represent you.

Sincerely,
SAM P. COOPER, JR.

MAN FOUND DEAD AT HIS RESIDENCE LAST FRIDAY

William W. Thomas of Bay St. Louis, formerly of Alexandria, La., was found dead at his residence on Carroll Avenue at noon Friday.

The deceased had resided in Bay St. Louis about one year, where he was associated with the U. S. Army Corps of Engineers real estate project.

An inquest jury empaneled by Beat 5 Justice of the Peace Neilus Rhodes, acting coroner, ruled death was due to natural causes.

Mr. Thomas is survived by his widow, Mrs. W. W. Thomas of Alexandria and two sons, William W. Thomas III, Alexandria, and Gerald Thomas, in military service in England.

The body was taken by a Riemann's Funeral Home to the Hixon Brothers Funeral Home in Alexandria for funeral arrangements.

Mr. Thomas was a member of St. Francis Xavier Catholic Church in Alexandria.

MRS. E. J. ARCENEAUX REPORTS ON NEW YORK MOTHERS' MEET

Mrs. E. J. Arceneaux, Mississippi's Mother of the Year, and her daughters Mrs. P. G. Bernheim of Gulfport and Mrs. John Bonck of New Orleans, who accompanied her to New York, returned home Saturday.

Among some of the events they attended following registration Sunday evening at the Waldorf-Astoria, were a sightseeing tour and a meeting of the Corporation of American Mothers Committee at Interchurch Headquarters on Riverside Drive, business meeting, trip by bus to Patricia Murphy's Candlelight Restaurant, Yonkers, N. Y., for the reception and dinner honoring 1963 State Mothers in the evening.

In addition to meetings Tuesday, Mrs. Arceneaux attended a luncheon at Cardinal Spellman Service Men's Club, where the mothers met His Eminence, Cardinal Francis X. Spellman.

Following announcement of American Mother of 1963 the state mothers were introduced and a panel discussion on "The Vital Role of Tomorrow's Young Homemakers" was held later in the afternoon.

Thursday's meeting was held in the Grand Ballroom of the Waldorf-Astoria Hotel which concluded with a panel discussion on "New Dimensions in Space".

A tea honored the 1963 state mothers in the afternoon.

The session climaxed Friday with communion service at 8 a. m. Assembly of 1963 mothers, the Star Spangled Awards Luncheon in the Waldorf Astoria Grand Ballroom honoring the 1963 American Mother.

A candlelight procession of the state mothers and their husbands and families followed the 1963 American Mother.

Sunday, Mrs. Arceneaux was a guest at the St. John's Holy Name Society Mothers' Day Breakfast at the Markham Hotel in Gulfport. She was introduced by Mr. Levens, president of the Holy Name Society and told the group of some of the highlights of her trip to New York.

PETER P. CHINICHE ENTERS RACE FOR JUSTICE OF PEACE BEAT 5

The Hancock County Eagle is authorized to announce the candidacy of Peter P. Chiniche for the office of Justice of the Peace, Beat Five, post number one, subject to the action of the Democratic Primary election in August.

Mr. Chiniche's statement to the voters follows:

To all citizens of Hancock County, Mississippi:

Please accept this as my formal announcement as a candidate for the office of Justice of the Peace, Post 1, Beat 5, Hancock County, State of Mississippi.

It was only after careful deliberation and thought that a decision to offer myself as a candidate for this office was reached.

I feel that I am fully qualified to conduct the official duties connected with the administration of any and all transactions concerning this position. This office is a very important one, and I will well recognize the responsibilities it carries.

I think that all who seek public office should make and keep a pledge as to their conduct, while in office, if elected. This in mind, I hereby pledge, that if elected as a Justice of the Peace, I will, on my oath as a Christian, to the best of my ability, render equal, fair, just and impartial treatment to all in discharging the duties of this office, with the help of God.

I will attempt to see and contact each and every family personally before election. I feel that the most of the voters of Beat Five are well acquainted with me; however, if any are not, I offer the following: I was born here on this office, I am married, my full 56 years. I am married and blessed with a wife and 4 children. For many years I have been in the construction business as a contractor. At the present I am active in the construction business as a private contractor.

I honestly ask that you investigate my integrity and ability. Please consider my candidacy carefully. I will sincerely appreciate your active support and assistance you give to me to fill the office of Justice of the Peace, Post 1, Beat 5, Hancock County, Mississippi.

Respectfully submitted
PETER P. CHINICHE

\$334,924 CONTRACT AWARDED FOR DOCK AND ROAD

GAINESVILLE, Miss. — A \$334,924 contract has been awarded to the Harbors Construction Co., Inc., of Panama City, Fla., to build a dock and access road at the NASA Marshall Space Flight Center's Mississippi Test Operations in Hancock County, Miss.

The contract was awarded today by the U. S. Army Corps of Engineers, NASA's agent for land acquisition and construction of the huge rocket testing center.

The dock and road will be used by construction contractors working at a harbor at the end of a channel which will be dredged into the site from the East Pearl River.

A \$668,340 contract has already been awarded for dredging a barge harbor and access channel in the same area.

Work on the dock and road will begin June 1. It is expected to be finished in November of this year.

Specifications on the job call for the construction of a dock consisting of steel-sheet pile cells filled with granular material and surfaced with stabilized aggregate, a small single story service building at the dock, two wood-pile dolphins, a floodlighting system and one-half mile of two-lane hard surfaced highway leading to a proposed warehouse on the site.

NASA will test its giant Saturn rocket stages and engines at Mississippi Test Operations when the \$500 million facility is finished.

OF YOUR CHOICE

the
MOTHER
who couldn't
take it

Once there was a mother who had a normal, healthy boy. And he liked to do the things that normal, healthy boys like to do.

But, for a long while, Mother couldn't take it. She kept saying, "DON'T Bobby — you'll hurt yourself!"

Then one day, as she passed the playground, she marveled at a bold youngster's feats on the horizontal ladder. And, coming closer, she discovered it was Bobby!

Now she has more confidence in her son . . . and better understands his confidence in himself.

Sound religious training begins with confidence and understanding. In churches of our community youthfulness is directed toward right motives, high ideals, clean activities. Moral and spiritual conviction begin to supersede daring and pride as incentives for action.

Your child already has faith in himself. Through the Church's guidance and your example this rudimentary faith can be enriched and tempered by faith in God.

THE CHURCH FOR ALL — ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

JACKSON, Miss. (AP) — The first reorganization plan submitted to the state was rejected by Gov. Ross Barnett on the advice of Asst. W. P. Wilson. A somewhat revised plan was not entirely satisfactory, the State Military Department said, and was reluctantly adopted.

The 31st (Dixie) Infantry Division is reorganized to have highly trained hard-hitting combat teams, providing greater battlefield flexibility.

The reorganization deletes the 101st Area Headquarters, Battleground; Headquarters & Headquarters Detachment, 118th Signal Battalion, Louisville; Headquarters, 106th Replacement Battalion, Summit; 114th Engineer Battalion, with units in Jackson, Crystal Springs, Vicksburg and Brandon; Headquarters & Headquarters Detachment, 194th Engineer Battalion, Drew; 192nd Transportation Co., Biloxi; and 106th Army Aircraft Maintenance Co., Meridian.

HANCOCK COUNTY OFFICIALS

Public Welfare Commissioner Fred A. Ross announced that he had notified every person receiving a check from the State Department of Public Welfare during the month of April, 1963 as follows:

"On March 7, 1963 the Commissioner of the State Department of Public Welfare received a letter from a Mississippi business man which read as follows:

"I have been called to my attention that certain people receiving aid from your department have been led to believe by certain elected officials that if they did not vote for certain candidates for office, they might lose their welfare checks."

"I am quite sure that your department does not operate that way."

"Is there some way that persons receiving welfare checks in Mississippi can be told that they have

a right to vote for whomever they please?"

"For the information of each person receiving assistance from this department, the Commissioner replied in said letter as follows:

"Thank you for your letter dated March 6, 1963. Public assistance recipients are entirely free to vote for whomever they please if they are a qualified elector. No official, connected with the state, county or municipal governments has the slightest legal authority to cause a recipient to lose his welfare check if he does not or did not vote for certain candidates for office. I plan to notify every public assistance recipient to that effect during the month of April, 1963."

"Appreciating your interest in the Welfare Department and in the needy people we serve, I am from time to time reports are received that persons receiving aid from the Welfare Department have been advised to trade with a particular person, firm or corporation operating a business establishment."

"This is to advise each person receiving public assistance from this department that no state, county or municipal official, or employee of the Welfare Department has any legal authority to

TEACHERS, PTA ASKED ACREAGE TRACTS CLOSED FOR WEEK THROUGH MAY 6

Teachers, PTA and other civic group committees are being asked to include in their fall and winter assemblies and programs a new series of color-sound motion pictures on forest fire prevention, and sensible fire vesting for maximum profit.

It was stated by W. L. Shaddix, a former school principal of Alabama, who is visiting some schools and with some civic leaders of Hancock and other counties in interest of a juvenile education program, which was inaugurated in Gloster, Miss., in 1939 by the late F. A. Anderson, well known lumber manufacturer. The films include wild life which are suitable for the elementary students, the visiting Commission representative told some local school authorities while here to help arrange the application forms. The movies are not free, but many of them are prepaid by cooperating foundations, banking, and commercial organizations as a tax "write-off."

In addition to woodland fire prevention education, the new series also includes highway driver-training, and which visual aids have never before been available to the coastal areas.

Reason for effort to book the expensive talking pictures now is that they are much in demand in the fall, and those who wait until then to make reservations may find they are booked up, Mr. Shaddix further explained while here.

All teen-age boys are urged to volunteer with a "brush top" when and wherever a smoke is seen in any woodlands, and which program throughout Mississippi for the past twenty-three years has helped save millions of dollars worth of timber and game from fire destruction, Mr. Shaddix further stated while here.

Sawyer-Richardson Wedding

**THOMAS SAWYER
WEDS GRACE
THERESA RICHARDSON**

Miss Grace Theresa Richardson married Mr. Thomas Wallace Sawyer of the U. S. Navy on April 20.

St. Francis Xavier Catholic Church was the scene of the morning wedding at which the Rev. Donald Byrnes officiated.

The bride is the daughter of Mr. and Mrs. Alfred John Richardson of Metairie, and a granddaughter of Mr. and Mrs. E. B. Richardson, Sr., of this city.

Mr. Sawyer's parents are Mr. and Mrs. Thomas Woodrow Sawyer of Lacombe.

Baskets of white gladioli and stock with matching altar bouquets decorated the church when Mr. Richardson presented his

daughter in marriage.

Silk organza over tissue taffeta fashioned the long regal bridal gown. The fitted bodice was styled with long tight sleeves forming a point at the wrist. Appliques of reembodyered Alencon lace framed the medium low scalloped neckline. Appliques of lace was also on a front panel of the long bouffant skirt, which extended from a panel of unpressed pleats at the back into a chapel train. Her fingertip length of illusion veiling was secured by a pearl tiara. She carried a cascade arrangement of bridal roses and stephanotis with a detachable orchid.

Miss Cheryl Ann Richardson was her sister's maid of honor.

Bridesmaids were Miss Judy Thompson, cousin of the bride; Mrs. Robert Stelz and Miss Rose Marie Bumarra of Carteret, New

Jersey, also a cousin of the bride. Jinx Sawyer, sister of the bridegroom, was flower girl and the bride's cousin, Robert Fayard Jr., was ring bearer.

The bridal attendants wore white organza over yellow taffeta sleeveless dresses fashioned with bell shaped skirts. The bodices were covered with organza jackets having elbow length sleeves. Their headpieces were crowns of matching material and seed pearls with short veils. They each carried tinted baskets in blending shades from yellow to orange filled with talisman roses.

Jinx's dress was in matching material to that worn by the bridesmaids - and - was fashioned with a full skirt. Her headpiece was formed of the taffeta and organza and she too carried a tinted basket fill with talisman roses.

Mr. Gene Sawyer was his brother's best man. Groomsman were Mr. Robert Stelz and cousins of the bride, Messrs. Robert and Thomas Johnson. Mr. John Edward Richardson, cousin of the bride, served as ushers.

Following the wedding, the bride presented a detachable spray from her bridal bouquet at the shrine of the Blessed Mother.

For her daughter's wedding and the reception which followed, Mrs. Richardson chose a beige pink two piece dress and a hat of pink carnations with moss green veiling. Her accessories were of beige and she wore a split pink carnation corsage.

Mrs. Sawyer was dressed in a blue linen suit with pale yellow blouse. She wore a white and yellow flowered hat and navy accessories. A yellow carnation corsage graced her shoulder.

For a wedding trip to Florida, the bride changed into a navy blue suit with white blouse and white accessories. An orchid from her bridal bouquet was pinned to her shoulder.

Things have really perked up the past week - green frogs and perch have been at their best and speckles are being caught at the marshes, Half Moon, and Little Grassy Isle and at the mouth of Pearl River.

Even though live shrimp are hard to get, a few are being caught and should get more plentiful soon. The trout are running small but some large ones were caught at Half Moon Tuesday. Bass are being caught on surface baits most everywhere and those who love to use earth worms are catching bass and perch aplenty.

Bordage's Camp at Bayou Caddy has been a busy place late as they have been the only place where you could get a few live shrimp. They have had to limit them however.

Went soft crabbing a while Tuesday night and caught 21. Although they were small, a few nice ones were caught. Maybe the old sport will come into its own soon. The tide now is just right and the crabs are being caught late at night. Seemed like old times to get some. Should pick up gradually. Good news to those who like this kind of sport.

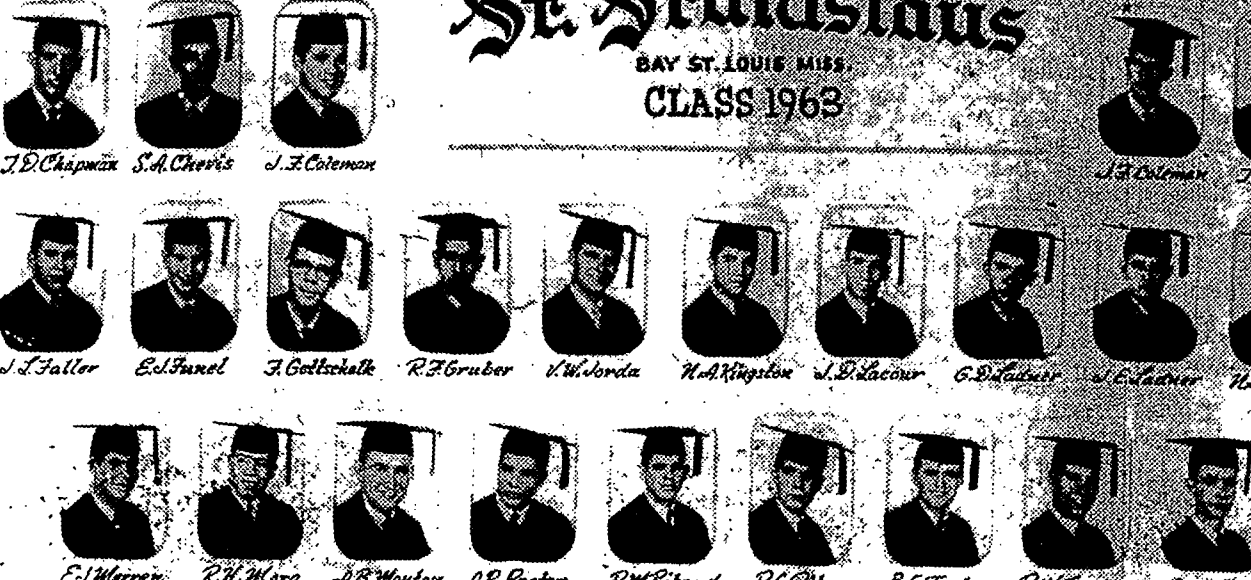

Floundering is also getting good. Some were caught up Jordan River over the weekend.

Luke Elliott who spent this week at the Bay with his folks, had Charles Phillips of Baton Rouge as his guest. Charlie is an ardent fisherman and likes any kind of fishing. He and Luke caught some nice specks and fresh water fish with some soft crabs thrown in. Hurry back Charlie.

Ray Kidd and Joe Kern went out after specks the other day. Ray said they should have been

is all that is needed.

Flounders are being caught up Jordan River according to Nicky Rauxet who speared some last week.

Speckles and reg fish are still being caught at the mouth of Pearl River.

Another death we were sorry to hear about was that of Bill Thompson this week. Bill was a likable fellow and had made a number of friends since coming here from Alexandria, La.

there the day before. Got a few however.

Members of the Gun and Rod Club enjoyed a real shrimp boil at Trapani's Knock Knock Club Tuesday night. Clarence Ladner was in charge of the affair and did a good job boiling the shrimp.

Another supper was enjoyed Wednesday night at Compretta's Bar on the Highway. About nine men enjoyed the food which was prepared by Norman Compretta a cook out of this world. Among those present were August Rauxet and son Nicky, Luke Elliott, Charles Phillips, Alden Mauffray, Jerome Carver, Dec Elliott, Norman and Joe Compretta, Gilly Gilmore and David Carver.

Al Mercier and yours truly caught some fresh water fish over the weekend. Even got stuck in the mud.

August Rauxet, Perre Quintini, Nicky Rauxet, Jerome Carver, Tony Neacise, and Dec Elliott caught quite a number of fresh water fish up Pearl River Saturday. They were hitting like mad. Jerome would like to find his fly rod he lost.

Frank Taconi also caught some

nice specks last week.

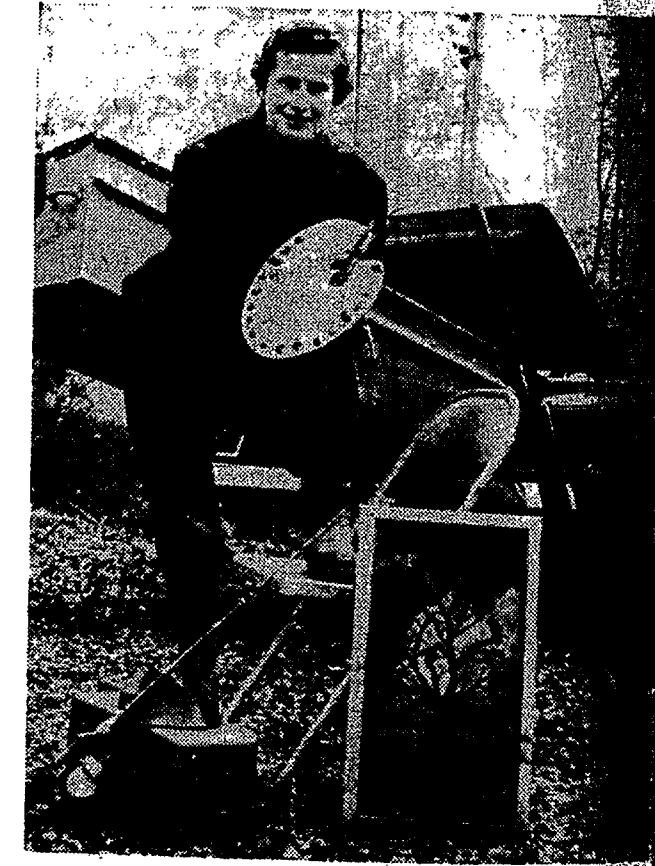

Sorry to hear of the death of Emmett Ladner of Kiln, Miss., last week. Emmett was a swell fellow, good hunter and sportsman. Sympathy to his family.

Spent a couple of hours at the Fairway Golf Driving Range on Highway 90 in New Orleans. Met another pleasant fellow, Jack Evans, pro and manager. Practicing at the range will help improve your game.

Softball is back into its own again. The local teams will have plenty of play and tournaments will be probably each weekend. Local and nearby teams will compete for trophies and some keen opposition is expected. The first tournament was held at Kiln, Sunday.

For those who don't know skiffs can be rented at Pearlington on the I.A., side, Baxter's at Logtown and boat launching ramps are at Baxter's and Givens on Pearl River.

Frogs are being seen on the banks of most bayous. Frog hunting is a good sport and you must have a fishing license in order to get them. A head light and gig

HUNTS "INSPIRATION"—Peggy Rae Dorris of Holly, a biology teaching assistant at the University of Mississippi followed her father hunting before she was big enough to sit on a horse. Now she hunts for deer and for "inspiration" behind a 12-gauge shotgun. In addition to deer, she has nearly 100 paintings to her credit. She says what she sees in nature while hunting. Miss Dorris says more women are now participating in outdoor sports.

FIRE ANT CONTROL

Mirex, used according to recommendations does a good job of controlling imported fire ants. Remember to read the instructions carefully and follow them completely.

Mirex is effective for around two weeks when applied as a mound treatment or broadcast. Do not mix mirex with fertilizer or other material in order to distribute it over the field.

I've gotten quite a few inquiries about fallout. To answer these folks and some others who may not have gotten around to asking, I've done a little digging for facts.

Some insects are helpful and some are harmful, we all know that. It just depends on whether they're working for us or against us. Well, it's much the same with radiation. Some controlled forms, like X-rays, are helpful aids to better living. Other types, like the gamma rays and beta particles released in a nuclear explosion, can do a great deal of damage. But, like harmful insects, they can be lived with. The trick is in knowing how.

Radioactivity is nothing new. It's a form of energy similar to light or radio waves, and like them, can be made to serve mankind. Atomic energy can propel ships, planes and other vehicles. It can aid in medical research. It can light our homes and run our factories. Uncontrolled, as in fallout, it can also kill us. Here's why.

When a bomb bursts on or close to the ground, the fireball draws a great deal of earth up into the air. Here it melts and mixes with radioactive material from the bomb. This is the stuff that falls out.

Fallout danger comes from two distinct forms or radioactivity, gamma rays and beta particles. You can think of gamma rays as a form of invisible light that can penetrate deep into most objects, including you. When they do, they can damage or destroy living cells. If enough cells are injured, people or animals sicken and may die.

It takes shielding of a dense material to stop gamma rays. This shielding cuts the danger from radiation much as goggles cut the dangerous glare from welding. The thicker and heavier the shielding, the less radiation gets through. For example, about 99 percent of the radiation would be absorbed by 1/2 inches of lead, 7 inches of steel, 24 inches of concrete, 36 inches of earth, 50 inches of water or 90 inches of wood.

Beta particles are quite different. Their radiation is not very penetrating; ordinary clothing will shield you. Enough of them on the body can cause skin burns. And, the particles can cause you and your livestock internal damage if they are taken into the body with food, feed or water.

To sum up - the only way to protect yourself from radiation is to stay away from it. Shield yourself from gamma rays by taking shelter. Protect your skin from beta particles and keep them out of food, feed, and water.
